Student Led Conference Activity 1
(Spring Conference)

TITLE Student Led Conference (Setting Goals)	ACTIVITY Setting Goals	MATERIALS Teacher - Scrip Student - Goal Worksheet
OBJECTIVES Student will analyze their strengths and growth areas and develop an improvement plan that empowers them to take charge of their own learning by setting personal goals.		
PROCEDURES <p style="color: red; font-size: 1.2em;">Student and Teacher need to look back at the student’s Fall Conference goals and set new goals accordingly.</p> <p>Advisory teachers will help provide an opportunity for students to analyze their strengths and growth areas and develop an improvement plan that empowers students to take charge of their own learning by going over the goal worksheet that is included with this script. In order for students to be successful in meeting these goals, they need to choose objectives that are clear, specific, and achievable. We encourage students to select a mix of academic and behavioral goals.</p> <p>Teacher Explains that students will be setting personal goals for themselves that will be included in their Student Led Conference Portfolio. The first two goals will be completed in Advisory and the third goal will be completed with their parent/guardian at Student Led Conferences.</p> <p>Teacher Reads: A goal is something to shoot for – something to accomplish. Don’t make your goals too hard, but don’t make them too easy either. Challenge yourself enough to make your goal worth working for. Brainstorm a list of things that might stand in the way of you accomplishing your goal. Then think about the steps that you can take to overcome these barriers.</p>
